

The Team Grill Patio Series MVP

The Professional-Grade Barbeque Grill for Serious Sports Fans

The Team GrillTM Patio Series MVP is the first high-end gas grill designed specifically for sports fans. Combining professional-grade cooking capabilities with the officially licensed logos and colors of your favorite team, Team Grill creates a one-of-a-kind grilling experience for game day and every day.

Every Team Grill Patio Series MVP grill is decorated using a triple-fired porcelain-enamel finishing process designed to perfectly match your team's logos and colors. The auto-quality finish cleans easily with soap and water and is designed to withstand the weather as well as the high-heat environment of the grill.

For superior rust resistance, the Team Grill Patio Series MVP is outfitted with high-grade, 304 stainless steel. The stainless steel front shelf folds up to conceal the control panel when the grill is not in use. The stainless steel side shelves extend to make Team Grill the leader in preparation space. A stainless steel side burner is uniquely concealed under the left sliding shelf.

With three stainless steel burners, an infrared searing burner, and stainless steel cooking grates and flame tamers, the Team Grill Patio Series MVP offers the ultimate cooking experience – one to be shared with friends and family as you cheer on your favorite team.
