

The Team Grill Patio Series PRO

The Barbeque Grill for Serious Sports Fans

The Team GrillTM Patio Series PRO is the first gas grill designed specifically for sports fans. Combining professional-grade cooking capabilities with the officially licensed logos and colors of your favorite team, Team Grill creates a one-of-a-kind grilling experience for game day and every day.

Every Team Grill Patio Series PRO grill is decorated using a triple-fired porcelain-enamel finishing process designed to perfectly match your team's logos and colors. The auto-quality finish cleans easily with soap and water and is designed to withstand the weather as well as the high-heat environment of the grill.

The unique stainless steel front shelf folds up to conceal the control panel when the grill is not in use. The stainless steel side shelves offer more than 700 square inches of preparation space. With two stainless steel burners, an infrared searing burner, and stainless steel cooking grates, the Team Grill Patio Series PRO offers the ultimate cooking experience – one to be shared with friends and family as you cheer on your favorite team.
